Jaco van der Merwe

NAMIBIA SAFARI CORPORATION

Jaco van der Merwe, owner and experienced PH, and his team welcomes you to Namibia Safari Corporation, his family-owned hunting ranch stretching over 167 miles² in the Khomas region of central Namibia.

With no high fences, and total fence-free on one side, fair chase hunting does not come any better. Bow and rifle hunters are welcome. The large terrain supports a variety of species, incl leopard, plains game as well as Hartmann Zebra and Klipspringer, both endemic to Namibia. Talk to us about hunting Cape buffalo, elephant, lion, hippo and crocodile, that will be done with us in a different hunting concession.

Jaco, with PH Chrisjan Labuschagne and our experienced team of trackers and skimmers ensure that clients return home with award- winning trophies and great hunting memories. Due to the vastness of the ranch, the hunt will always start by hunting vehicle, and as soon as animals or fresh tracks are spotted, the stalk will usually on foot.

Luxury accommodation is provided in our hunting lodge, in African Thatch style. Rooms are en-suite, with heaters and fans, daily laundry service and swimming pool, as well as Wi-Fi.

At the end of a great hunting day, nothing beats toasting to great hunting with beer from our very own Stofpad microbrewery. We relax around the fire, followed by home cooked meal or a truly Namibian barbeque.

The Namibia Safari Corporation team look forward to welcome you, your family, and friends in Namibia for an unforgettable African experience!

The Best!

Community Involvement

AMY BELL BLUE BAG & COMMUNITY INVOLVEMENT

Our sincere thanks to every client and family that filled SCI Foundation Amy Bell Blue Bags with warm winter jackets and blankets, school supplies and caps, soccer balls and many sweat treats.

Namibia and lots of people in various communities in Namibia is still in dire straits after the Covid pandemic that brought the economy to the ground, and your open hearts and hands brought much needed relieve and warmth to the small hands at Klein Aub primary school, and to children of families living on neighboring farms. In 2023, we reached out to children living in our area, and we saw there is a lot of help needed. If you are interested in filling a Blue Bag or have a suggestion on any other type of involvement, Marinda will gladly assist you.

NAPHA, the Namibian Professional Hunting association, sells hunting medals for trophy animals shot in Namibia, in aid of their educational fund. You are also welcome to support the initiative. You can find more info on the NAPHA WEBSITE, <https://napha-namibia.com> You can also get more information from us while you are in the hunting camp.

IMPORTANT SAFARI INFORMATION

TO HELP YOU PREPARE FOR YOUR HUNT

1. VISA REQUIREMENTS / INOCULATIONS

No Visa is required for entry into Namibia for USA and EU citizens. You will need only your passport. For some countries, visas are available upon arrival. For the rest, apply for visa at your closest Namibian embassy, or enquire about an agent to do it for you in Namibia. No inoculations are required. We advise our clients to ensure that their tetanus shots are up to date. Although our hunting concessions are not in malaria areas, it is good to take precautions against malaria should you be visiting Etosha National Park or the Zambezi region. We carry first aid equipment. It will be wise to bring some basic medicine for headaches, colds, flu and stomach ailments. Obviously, should you require prescription medication, bring that with you. Make sure you have a high factor sun screen lotion with you.

2. RIFLE IMPORTS

Namibia is one of the most hunter friendly countries in Africa. You are allowed to bring a maximum of three rifles, with an allowance of a maximum of 80 rounds of ammo per rifle. A rifle in 300 WIN magnum range (300 WinMag, 338, etc) will be suitable for any African game up to Eland. You will be required to fill out a Rifle Import/Export Application, which must be handed to the police at the airport. At the bottom of this application form, there is a table to be filled out. Some of the questions are a little confusing, this is what they require:

Type	Caliber	Serial No.	Type	Caliber	Quantity
Rifle	300 WinMag	B123456	Rifle	300 WinMag	80
Shotgun	12 Gauge	123456	Shotgun	12 Gauge	80

Select a multi-purpose, expanding bullet. Bullets like Barnes X, Swift A Frame and Trophy bonded are excellent for most African animals.

3. CLOTHING REQUIREMENTS

Most important is a pair of well broken in, ankle length boots. Bring a broad rim hat to protect your neck and ears against the sun. Bring something warm for the evenings and early mornings, especially during our winter (June, July and August). It gets cold at night! To protect our clients, we suggest that they hunt in long pants and long sleeved shirts. Most of our bushes have thorns! Make sure you pack no bright colors - khaki and/or faded blue, green, etc will be the best. Above all, travel light! We have daily laundry services in all our camps, which means yesterdays clothes will be available for tomorrow.

4. CAMERAS, ETC

Power supply is 220 volt. If you will require recharging, make sure you bring an inverter. Make sure your camera bag is dust proof. Bring plenty of spare batteries or more than one rechargeable battery. Bring extra memory cards.

5. SPECIE AVAILABILITY

Not all species are available in all camps. Best is to let us have your wish list and leave the camp decision to us.

6. COSTS

When you calculate costs according to our price list, you can rest assured that there will be NO hidden costs. What you see is what you will pay. Please keep in mind that daily rates are charged per night spent in camp.

7. FIRE-ARM REQUIREMENTS

- A minimum caliber in the range of 300 Win Mag is required.
- Calibers smaller than this minimum can be used on certain species, but will not be allowed on larger species such as Kudu, Eland, etc.

Clients are responsible for the supply of their own ammunition.

- It is recommended that a soft rifle bag, in addition to the rifle case, be brought along for transport while hunting.
- We do have rifles for hire should you not bring your own. (US\$ 40.00 per day and US\$ 4.00 per shot)
- Hunters will be liable for any damage to a rented rifle or scope.

8. DONATIONS:

A deposit of \$ 1000 is payable per group to book a date for a donated hunt.

- No exchange of animals will be possible
- No refund on donated animals not taken

9. PAYMENT METHODS:

Clients have the option to pay in cash or use our on-site card services to pay with their debit or credit card. (Plus a 2% service fee from the service provider) Also cash and wire transfers before the hunt.

Unfortunately, *NO cheques accepted*.

NOTE: All invoices should be settled in full at the last day of the hunt.

LIABILITY:

1. We have taken the necessary precautions to ensure the safety and good health of clients, therefore no liability will be accepted for injury, illness and/or losses incurred during or after the safari.
2. Any hospitalisation bills will be for the client own account.

REST DAYS:

Rest days should be announced before the beginning of the safari. During a rest day, hunters will stay at camp. No sightseeing or hunting for predators will be done. A rest day is for our senior hunters who need to take a day off in the middle of the safari, or hunters that do not hunt on Sundays. Rest days cannot be announced during the safari.
