# IMPORTANT SAFARI INFORMATION

## TO HELP YOU PREPARE FOR YOUR HUNT

### 1. VISA REQUIREMENTS & INOCULATIONS

The Namibian government now requires a Visa on Arrival (VOA) for visitors from certain countries, including the USA.

#### You have two options to obtain your visa:

- Apply online before your trip for faster processing:  
<https://eservices.mhaiss.gov.na/visaonarrival>
- Obtain your visa on arrival at the airport.

*For a smoother experience, it is highly recommended to apply online in advance.*

- No inoculations are required. However, clients are advised to ensure their tetanus shots are up to date.
- Although our hunting concessions are not in malaria areas, it is advisable to take precautions against malaria if you plan to visit Etosha National Park or the Zambezi region.
- We carry first aid equipment, but it is wise to bring basic medicines for headaches, colds, flu, and stomach ailments.

If you require prescription medication, please bring it with you. Make sure to have a high-factor sunscreen lotion.

### 2. RIFLE IMPORTS

Namibia is one of the most hunter friendly countries in Africa. You are allowed to bring a maximum of three rifles, with an allowance of a maximum of 80 rounds of ammo per rifle. A rifle in 300 WIN magnum range (300 WinMag, 338, etc) will be suitable for any African game up to Eland. You will be required to fill out a Rifle Import/Export Application, which must be handed to the police at the airport. At the bottom of this application form, there is a table to be filled out. Some of the questions are a little confusing, see the table to understand what they require.

Type	Caliber	Serial No.	Type	Caliber	Quantity
Rifle	300 WinMag	B123456	Rifle	300 WinMag	80
Shotgun	12 Gauge	123456	Shotgun	12 Gauge	80

Select a multi-purpose, expanding bullet. Bullets like Barnes X, Swift A Frame and Trophy bonded are excellent for most African animals.

### 3. SPECIES AVAILABILITY

Not all species are available in all camps. Best is to let us have your wish list and leave the camp decision to us.

### 4. CLOTHING REQUIREMENTS

Most important is a pair of well broken in, ankle length boots. Bring a broad rim hat to protect your neck and ears against the sun. Bring something warm for the evenings and early mornings, especially during our winter (June, July and August). It gets cold at night! To protect our clients, we suggest that they hunt in long pants and long sleeved shirts. Most of our bushes have thorns! Make sure you pack no bright colors - khaki and/or faded blue, green, etc will be the best. Above all, travel light! We have daily laundry services in all our camps, which means yesterdays clothes will be available for tomorrow.

### 5. CAMERAS, ETC

Power supply is 220 volt. If you will require recharging, make sure you bring an inverter. Make sure your camera bag is dust proof. Bring plenty of spare batteries or more than one rechargeable battery.

Bring extra memory cards.

## 6. COSTS

When you calculate costs according to our price list, you can rest assured that there will be NO hidden costs. What you see is what you will pay. Please keep in mind that daily rates are charged per night spent in camp.

## 7. FIRE-ARM REQUIREMENTS

- A minimum caliber in the range of 300 Win Mag is required.
- Calibers smaller than this minimum can be used on certain species, but will not be allowed on larger species such as Kudu, Eland, etc.

Clients are responsible for the supply of their own ammunition.

- It is recommended that a soft rifle bag, in addition to the rifle case, be brought along for transport while hunting.
- We do have rifles for hire should you not bring your own.  
(US\$ 40.00 per day and US\$ 5.00 per shot)
- Hunters will be liable for any damage to a rented rifle or scope.

## 8. PACKAGES

Packages are sold as a unit. No refunds for animals not harvested or exchange of animals. Additional animals from the pricelist can be added to a package.

## 9. OBSERVERS

Observers may go along on the hunting vehicle for the duration of the trip, should the observer want to shoot an animal, they are permitted for 1 - 2 days of shooting over the entire trip, and they will be charged as a hunter for those 1-2 days.

## 10. PAYMENT METHODS:

Clients have the option to pay in cash or use our on-site card services (Plus a 3.5% service fee from the service provider) All wire transfers should reflect before the last hunting day. Unfortunately, **NO cheques & NO American Express accepted.** **NOTE:** All invoices should be settled in full at the last day of the hunt.

## 11. LIABILITY:

1. We have taken the necessary precautions to ensure the safety and good health of clients, therefore no liability will be accepted for injury, illness and/or losses incurred during or after the safari.
2. Any hospitalisation bills will be for the client own account.

## 12. REST DAYS:

Rest days should be announced before the beginning of the safari. During a rest day, hunters will stay at camp. No sightseeing or hunting for predators will be done. A rest day is for our senior hunters who need to take a day off in the middle of the safari, or hunters that do not hunt on Sundays. Rest days cannot be announced during the safari.

## 13. DONATIONS:

A deposit of USD1,000 is payable per group to confirm the booking of a donated hunt.

- No exchange of animals will be allowed.
- No refunds will be given for donated animals not taken.
- Credit for hunting animals on our private hunting farm will be allocated based on the amount of your donation. This credit applies only to animals hunted on the private farm of NSC.

#### **14. DIETARY REQUIREMENTS:**

#### **15. WOUNDED AND LOST ANIMALS:**

We charge full price for all wounded and lost animals. We will try our utmost best to retrieve all wounded and lost animals. An animal is wounded if there is any sign of blood or has been hit according to the professional option of your hunting guide, even if there is no blood. (as some thick-skinned animals are able to close the wound without any blood spill).

#### **16. SAFARI CONFIRMATION:**

- A deposit of USD1,000 per hunter is required to confirm any booking. Payment must be made either in cash or by electronic transfer.
- If the safari is cancelled less than 180 days before arrival, no refund will be made. For cancellations more than 180 days in advance, a full refund (minus a 10% administration fee) will be provided.
- If a leopard hunt is cancelled within 30 days or less before arrival, the client will be liable for the full payment of the hunt.
- We reserve the right to change any terms, conditions, and prices without notice. Rates at the time of the hunt will apply.

# *Amy Bell Blue Bag & Community Involvement*

We extend our heartfelt thanks to every client and family who contributed to the SCI Foundation Amy Bell Blue Bags initiative. Your generosity provided warm winter jackets and blankets, school supplies and caps, soccer balls, and other much-needed sweat treats to children in need.

Namibia's communities continue to face challenges following the COVID-19 pandemic's economic impact. In 2025, we reached out with relief to children living on neighbouring farms near Klein Aub primary school. If you're interested in filling a Blue Bag or exploring other ways to get involved, Jaco and Karen will gladly assist.

NAPHA (Namibian Professional Hunting Association) sells hunting medals for trophy animals shot in Namibia to support their educational fund. You're welcome to support this initiative. Additional info is available while you're in camp.
